

Vision: Proclaiming Christ and equipping saints in the bond of fellowship.

Mission: Celebrating new life with Christ through worship, discipleship, service, and evangelism.

Our vision and mission are guided by four Core Values of worship, discipleship, service, and evangelism representing the circular nature of how God desires believers to operate.

- **Worship** involves expressions of God's true worth through song, oration, and fellowship.
- **Discipleship** involves intentional and personal relationships that produce spiritual growth and maturity in God.
- **Service** involves church and community ministries that demonstrate love for God and man.
- **Evangelism** involves genuine love and obedience to God that move us to passionately seek and disciple the lost.
